

Week 17 EYFS Home Learning Activities

Hi everybody. This will be the last home learning challenge for Foundation so that you can have a break and relax with your family. The Tapestry accounts will also be closed during the summer to make room for the new children, so please ensure that if you want to download the great pictures from the children's time in Foundation, you do so in the next week. Any photos that you have been meaning to add also need to be popped on before then too as we love to see what the children have been doing!

Look out for our summer fun activity sheet that will be arriving soon though.

Enjoy the summer, from all of the foundation staff.

We are thinking about growing up and what has changed since we started in Foundation. Are there some things that you have learnt how to do recently? Maybe skip, ride a bike, write your name, brush your teeth?

Maybe you could set yourself a challenge!

Take a look at all of the lovely photos that you have on Tapestry. What have you enjoyed doing at school this year? Could you draw some pictures or write some sentences about your favourite moments or things that you are proud of?

We all love to party in the foundation stage. Why not try a mini party in your house? You might even join with a friend on Zoom or through another app. We will be playing some games - could you try Pin the tail on the donkey, Musical statues or Hot Potato where you pass the potato around the circle and hope that you aren't the one left holding it when the music stops! Reception could maybe make a list of games they like to play.

In reception this week we are looking at the teen numbers. Watch the Number Blocks clips on BBC iPlayer and discover what they are made up of. Can you carefully count objects to up to 20? What could you use that is interesting? Can you spot these numbers as you go for a walk - on houses, signs or cars? Maybe you could take some photos.

Write a card or a letter or draw a picture to one of your friends or teachers from school or nursery. We can send them a picture through Tapestry if you like. Maybe share what you have enjoyed doing recently and think about what you will do when you see each other again.

Have a great summer!
