

## End of year learning challenge

As this very different school year comes to a close, in school we have already started to look forward to the next. Lots of planning and preparation has been happening and we are all really excited to welcome you back in September.

This week we would like you to look forward too. Tell us how you are feeling about coming back to school. What are you looking forward to? What might be worrying you? However you might feel, we would like you to share it with us.

This could be a poster, letter to your new teacher, diary entry or anything else you can think of. Remember to send your work to your new class teacher or to Mrs Sissons at [jsissons@appleton.hull.sch.uk](mailto:jsissons@appleton.hull.sch.uk) and she will pass it on, as well as doing some final special mentions on our Twitter page on Friday. School closes on Friday 17<sup>th</sup> July so please try to get this to us by then. We can't wait to hear from you!
