

The screenshot shows the RM Unify login interface. The background is a vibrant image of water droplets on a surface. The login form is a white rectangular box with the following elements:

- RM Unify** logo at the top left.
- Sign in** heading.
- Username or Email Address (required)** label above a text input field.
- Password (required)** label above a password input field with an eye icon for toggling visibility.
- [Link to forgot your password](#) below the password field.
- ☐ **Remember me** checkbox.
- Sign in** button in a green box.
- [Sign out about RM Unify](#) link at the bottom.

To the right of the login form, there is a section titled **@RMEducation Tweets** which is currently empty.

As it loads, Teams may show a screen like this. Using the **web app** is preferable.

Once you are on Teams, look for our class – it has a pencil picture! Once inside the class, click on the assignments tab. This is where your tasks will be.

Each assignment will have a set of instructions.

You can add your work by clicking **Add work** underneath the assignment. This will give you the option to use a word / powerpoint / excel document or to upload another document from your device. If you are using the web app all work will save automatically as you complete it.

Remember to close your work and then click the purple **hand in** button to send it to your teacher.

Teams can also be downloaded as an app on mobile devices.

Please use your school email and password (see above) to login.
